Azure

PERSONAL PROJECTS

Covid-19 Vijay APP (01/2021 - Present)

- It is an organized system for the government administration and the local people (as users) for the COVID-19 vaccination residing in any prescribed area
- Worked with API to integrate the APP with the database
- <https://github.com/rishusingh022/covid19-VijayApp>
- <https://github.com/rishusingh022/Database-for-Covid-19-Vaccination-with-API-support>

Stratos (02/2021 - Present)

- App built with an AI model trained to guide the user about correct body postures while exercising.
- TechStack-Django, Flutter, Tensorflow
- [rishusingh022/stratos \(github.com\)](https://github.com/rishusingh022/stratos)

loca.ly APP (03/2021 - Present)

- Find a home away from home lists all the jobs at any area which can be searched with filters like pay, location, skills or even worktype
- Worked with API to integrate the APP with the database
- TechStack-Django, Flutter, GraphQL, Html, Css, Js
- [GitHub - rishusingh022/loca-ly-backend](https://github.com/rishusingh022/loca-ly-backend)

BOOK ATTIC (10/2020 - Present)

- This project aims to be a book selling site for college, where you can get new as well as sell old books at an affordable price
- TechStack-Django, Html, Css, Js
- <https://github.com/rishusingh022/Book-Attic>

ACHIEVEMENTS AND CERTIFICATES

Secured 3722 rank in Hash Code 2021
(02/2021 - 02/2021)

[HashCode.pdf - Google Drive](#)

Achieved 3 star on Codechef (04/2021 - Present)

[swapnil_022 | CodeChef User Profile for swapnil kumar singh | CodeChef](#)

Secured AIR 6 in December Test Organised by TIET
(12/2019 - 12/2019)
